

## PERFEKT 10

## The classic proven by its ninety years of production

### Wooden folding ruler, type PF 10

- 10 wooden parts - 2 m, with dimension of 3.2 mm × 16 mm
- material: beech wood / hornbeam
- steel joints, visible rivet

❶ **Type of joint** - the joints are made of brass coated steel. The steel rivet is visible. The joints are greased with mineral Vaseline for comfortable use of the ruler.

❷ **Surface treatment of wooden parts** - double-layered water-soluble paint. UV environmentally friendly coating of the top layer protects the ruler from the effect of thinner.

❸ **Compact space of the ruler** - the joints are embedded into the wood. Adjacent wooden parts form a compact surface for the smooth print.
